About us-

We, Experts Nursery from 2010 are one of the famous producers an extensive array of Pomegranate Plant. Our offered range consists of best grade Pomegranate Plant, Guava Plants, Custard Apple Plant, Sphagnum Moss Plant. These products are prepared with the use of best quality ingredients, and techniques. The plants we offer are of high breed, and quick growing. Apart from this, their natural juice is found effective in reducing the risks of prostate cancer, chronic cardiovascular diseases, breast cancer, and osteoarthritis. We have made a highly sophisticated infrastructure base. This infrastructure includes manufacturing, research& control, and sales departments. We use the latest machines and processes in our production, quality assurance, and packaging. For the achievement of set targets and bulk customers' orders, our company has hired a team of skilled and hardworking professionals. They cordially perform the whole task and assure to complete the targets set by an organization successfully. Our team encompasses quality controllers, production experts, and many others. Our mentor, Mr. Gururaj Vijay Kulkarni, has guided us to be able to reach such heights. His vast industry experience has helped us to position ourselves in an unparalleled position in the industry.
